

Golden Eagle Football - Update on Week of February 1st - 3rd

Dear Golden Eagle Football Players and Parents,

We had a great time at the FCA Banquet this past Monday night. DJ Shockley did a great job of sharing his faith with over 500 people in attendance at the Classic Center in Athens. Victoria Bennett and Adrian London did such a great job representing our school. I was so proud of them and for the players who represented ACS as servers. We have so much to be proud of at ACS.

I would like to update you and give you a heads up on next week. Next Thursday night - February 9th, at 6:00pm, in Bicentennial Hall - AKA Field House, there is going to be a parent meeting, of returning players, in the team meeting room to discuss next year's Budget, Player Nutrition, the Tennessee Player and Coaches Strength Clinic, the Winter Athletic "GALA", and any other areas of our football program you would like to discuss. We will be one hour and will conclude by 7:00pm. Please have at least one adult from each family attend this very important meeting to discuss our program. Your ideas and input are wanted, they are vital, and they are very important to the success and health of our entire football program.

Jeff Almond will also be on hand and will discuss the Winter Athletic "GALA" with any and everyone. The "GALA" is for anyone who purchased a preseason Eagle Foundation Booster Package this past Fall. It is also for anyone from our ACS Athletic Family who would like to attend but did not purchase a preseason Booster Package. Those that joined the Booster Club already have your tickets included from the Booster Package but everyone else is invited and we want you to attend this night of food, fun, and fellowship in our drama center with our entire Golden Eagle Athletic Family and extended Family, which are our ACS Friends and Supporters. There will be music, a silent auction, and a great buffet dinner. The tickets are \$100 for each couple. You may bring your spouse or a friend of yours or a friend or supporter of ACS. This will be the first annual Winter Athletic "GALA" and we are excited about getting everyone together.

I look forward to seeing everyone next Thursday. Take care, Steve Brooks
