

# **Science and Mathematics:**

## **A path to your future in the field of Education**

**Join us for the UGA Summer Academy**

**July 6-24, 2009**

**8:30 am – 12 noon**

### *What is involved with the UGA Summer Academy?*

- 3-week program for college-bound high school students interested in math and science careers
- No admission fees\*

### *How does a student apply to the UGA Summer Academy?*

- Rising high school juniors and seniors complete an application and submit to their math or science teacher for recommendation into the program

### *What will participants do at the UGA Summer Academy?*

- Engage in a variety of mathematics and science activities with UGA faculty
- Learn about careers in mathematics and science
- Practice leading small group activities with children

\* Students are responsible for meals and transportation.
