WRESTLING

2007-2008 Coaching Philosophy
ACS WRESTLING

What do I want athletes and coaches to leave the ACS program with??

- I want ACS wrestlers to leave the program with A strong firm foundation of Jesus Christ working in their hearts.

- I want them to know that Christ is real and he is the only person who can make them a real man.

- I want them to know that they can be confident in themselves if they are trusting in Jesus; through Christ all things are possible

- I want to love my wrestlers win or lose because wins and losses does not equate to self worth

- I want to praise the Lord when we win and when we lose because without him none of it would be possible

- I want ACS wrestlers to do their best always, Christ expects our best efforts.

- I want ACS wrestlers to leave our program with an appreciation and respect for the sport of wrestling, physical conditioning, and mental discipline.

Dedication, Determination, Discipline, Discernment, Desire, Discipleship, Destiny in Christ.

Parents,

Please pray for the coaches and wrestlers this season to live up to Godly expectations. We want to teach these young men more than just wrestling.

Thanks,

Coach Mason
